TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. If any of above boxes 1. to 4. are checked, the correction required is only the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121.

Extensions of time are available under 37 CFR 1.136(a) only if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action.

Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 4(e) Other: Applicants amendment of the claims is not as per 37 CFR 1.121. Applicants amended claims filed on 6/20/2008 are not in agreement, given any proposed changes with applicants previous amendment filed on 1/14/2008. Specifically in the amendment applicants filed on 1/14/2008, along with the filing of a request for continued examination, applicants amended claim 8 from reciting "mixing the preparation with..." to "adding to said preparation one..." In the amendment filed on 6/20/2008, "mixing the preparation with..." appears to have "reappeared" and applicants appear to be attempting to amend this phrase differently. Since much of the basis of the previous art rejections are dependent upon the specific pharesology used by applicants, it is of the utmost importance that the wording of the claim be clear and exact. Thus applicants are requested to pay careful attention to applicants current claims and any proposed claim amendments..
